

Thanks Kathleen.

By cc of this message I will advise the Town Clerk's office that the meeting has been canceled. Also, Cortney will put signs on the front and back doors of this building to notify the public that the meeting has been canceled in the event any members of the public still think it is going forward.

Betty

Subject: Conservation Commission meeting tonight

Hi Betty –

I'm redoing the board downstairs to show that tonight's meeting is cancelled. But it's still on the Town Calendar as being scheduled. So you may want to ask the Town Clerk's office to modify the calendar.
