Others Present: Sal Morabito, Ken Procino, Tim Yahn, Ralph Martin, Nathan Tuttle, Judy Ewing, Perry Liu, Mark Corcoran, two other neighbors, Lawrence Ratner

I. Call to Order

Chairman Bill Sapone called the meeting to order at 6:40 pm.

II. Walk through at School

The walk-through was somewhat delayed while waiting for electricity that was never restored. When everyone had gathered, hard hats were distributed and the tour began in the front entrance of FWBC. Ralph Martin explained that the atrium dome would be removed and replaced by a sloping roof. The group then moved to the hallway on the right and looked at the cafeteria and kitchen areas. The cafeteria expansion was almost complete. There was some discussion about removing tile in the kitchen area because they didn't match the rest of the work being done to improve the food services. The group then observed the back of the building by the athletic fields past the generator and the new brick wall to shield it. Various members of the Malkin team spoke about the work being done on the new wing.

Mr. Martin showed the old parking area where the footings and foundations for the auditorium were being installed near the school library. The former location of the project adventure equipment was pointed out. The group had already seen the new area where the program was relocated.

III. Adjourn

The tour ended at 7:18 pm.

Respectfully submitted,

Jennifer S. Carpenter
Recording Secretary
