

"The Finance Committee of the Fairfield Harbor Management Commission met at 4:30 on Tuesday, September 6, 2011 in the Sullivan Building first floor conference room.

Present were HMC Commissioners Drabaski, Gaynor, and von Conta. Also present were Geoff Steadman and Jeff Engborg.

The group reviewed the Southport Harbor mooring maintenance fee structure for the past three year cycle and determined that the fees should be raised for the next three year cycle of maintenance. The Committee decided to recommend a 10% increase in the fees. The Committee's recommendation will be presented to the full Harbor Management Commission at its September 20th, 2011 meeting.

Respectfully submitted,
Mary von Conta, Acting Secretary"
