Re: Fairfield Senior Center

The Human Services Commission held its monthly meeting on Thursday, November 29, 2012. The members of the Human Services Commission reviewed the "Report on the Fairfield Senior Center" prepared by the 'Top Ten Committee'. After much discussion with members of the public in attendance, the Commissioners agreed unanimously there were two issues of utmost importance. We therefore strongly recommend that you consider the following:

1. The need for a full-time **Director of Human Services**, *and* a full-time **Director of the Fairfield Senior Center**; and
2. The Town "undertake a feasibility study which encompasses both construction of a new facility, and major renovation of either the existing building or other town-owned properties to accommodate the specific needs of Fairfield's increasing senior population."

The Commission feels very strongly that the Town needs **two full-time Directors** in order to properly serve the needs of our seniors in **2013**. It is imperative that the above two issues be put before the RTM and the Board of Finance for the **2013-2014** budget immediately.

We thank you for your support.

Respectfully submitted,

---

**SELMA COHEN, Chairman**
