**2. SHOW CAUSE VIOLATION HEARING, Wetland Filling Violation at 303 Lancelot Drive, O'Loughlin, Assessor's Map 150, Parcel 21C**

**Staff recommends Cease and Correct Order and Notice of Violation on FLR (See Attached)**

***PLEASE NOTE!***

***This agenda does not reflect items received after the date the agenda was compiled. Please check with the Conservation Department for additional items which might have been added to a supplemental agenda after the mailing date.***

*NOTE: All members of the Inland Wetlands Agency are requested to notify the Conservation Department (256-3071) if they are unable to be present. A quorum is necessary to transact business, and your call will be appreciated.*

**V. INLAND WETLANDS-DELIBERATIVE SESSION**

- A. Request for a Declaratory Ruling. Request of Exide Group, Inc. by John F. Fallon, Esq. to cross wetland soil with heavy machinery along the banks of Mill River, at the Mill Hollow Park Road Right-of-Way, “Old Kings Highway” at the intersection of Somerset Road, Unquowa Road and Sturges Road, Assessor’s Map 179 Parcel 311, although their application erroneously indicates the property location as the 2190 Post Road, Assessor’s Map 231 Parcel 381—which is the location of the former factory and current proposed de-watering—not the location of the proposed wetland access. See Attached.**

**Staff recommends finding the one-time activity (not the site) a permitted use \_\_\_\_\_**
