Subject: No Penfield Reef Lighthouse Preservation Committee Meeting This Week!
Importance: High

Dear Honorable Town Clerk Betsy Browne,

Due to the United States government shutdown, we, the Penfield Reef Lighthouse Preservation Committee cannot get any updated information from the General Services Administration and the Lighthouse auction program has been suspended. As chairperson of the committee, I have decided that we will not be meeting this coming Wednesday, October 16, 2013.

Thank you very much for your time and consideration.
