

BICYCLE/PEDESTRIAN SAFETY PLAN ADVISORY COMMITTEE
MEETING MINUTES
November 18th, 4:30PM, 2nd FLOOR CONFERENCE ROOM, INDEPENDENCE
HALL

Members present: Alyssa Israel, Kirstin Etela, Lauren Lanham, Bill Hurley, Mark Neilsen, Joe Devonshuk, Cliff Myers, Sarah Levy and Cristin Vahey

1) Status of survey review, preliminary findings: committee members are still in the process of reviewing all the surveys. Some common concerns are becoming more clear, especially the need for an awareness campaign for drivers, cyclists and pedestrians alike. Another important issue is creating linkages from different neighborhoods around town to the downtown area.

2) Timing of public forum: this has now been pushed to April 2011.

4) Review of Commerce Drive bike/ped implementation: presented by Joe D. He stressed how most everything our committee would like to accomplish already exists in the form of recommendations included in the TPZ long term plan.

5) Mapping status: Juliana in DPW and Mark Neilsen from GBRPA have created some very useful maps of current "danger zones" and future bike routes that the committee will present to the public at the April forum.

6) Adjourn
