

What do *You* think about **Fairfield's Sustainability Plan** ?

In recent years, Fairfield has launched numerous sustainability initiatives, with the support of citizen volunteers. In addition to the environmental benefits, such efforts are now yielding nearly \$3 million - and growing - in annual energy cost savings for the Town. What more can we do? How can we do what we're doing better?

The [Sustainability Plan](#) describes accomplishments and short- and long-term goals.

Comments on this [Plan](#) may be provided by email to FairfieldCleanEnergy@gmail.com or attend a public forum.

- **Sat, 11/10, 10am**
