

# Fairfield Golf Course Memorial Bench Program

Fairfield's H. Smith Richardson and South Pine Creek golf courses are special places for many people.

To accommodate the many requests we receive to honor a loved one or organization that has made a difference in the Fairfield community, we offer a memorial bench program.

Bench shown is four feet long.  
Memorial Benches are five feet long.

*A bench can be ordered with a donation of \$1,100 for a bench with a small bronze plaque or \$1,200 for a bench with a large bronze plaque.*

Benches are five feet in length and are made of recycled plastic with a sturdy metal footing. The design was selected to blend into the golf course settings.

*Small bronze plaques are 2 in. by 8 in., and may have a message of up to three lines (18 characters per line including spaces)*

*Large bronze plaques are 3 in. by 10 in., and may have a message of up to four lines (24 characters per line including spaces)*

*The message will be subject to review and approval by the Fairfield Golf Commission.*

We will try to honor wishes for where the bench will be placed, pending golf course management considerations, or donors may allow us to select the most appropriate place on the golf course.

To make arrangements for ordering a memorial bench, please contact  
Anthony Calabrese,  
Director of Parks & Recreation,  
(203)256-3191, or  
acalabrese@fairfieldct.org

*Please note that prices are subject to change and will be confirmed prior to any orders being accepted. Lead time for orders are 6 to 8 weeks following the order approval by the Fairfield Golf Commission. After a bench is installed, the golf course will make its best effort to maintain the bench in good working order, however we cannot be responsible for replacement should the bench be seriously damaged or destroyed.*
